

Important Shipping Update

Shipping changes during this current Coronavirus crisis

Our thoughts and well wishes are with all of you, as we work through the unprecedented and scary situation surrounding the ongoing spread of coronavirus (COVID-19). We want to let you know that we will remain open for business to provide you with the best Baker White products available. We are committed to putting the safety of our customers and employees first.

In order to ensure customer and employee safety, our manufacturer, Baker White, has reduced on-site personnel to those essential for manufacturing. In addition to enhanced cleaning, handwashing, and sterilization procedures, they have reduced personal contact with all products to the minimum essential personnel. This reduction in onsite personnel will delay the shipping and handling of all Stinky Free orders.

Due to these delays, commencing March 18th, 2020, Baker White will only be shipping out Stinky Free orders on Wednesdays until this Coronavirus (Covid-19) crisis is over.

We hope to continue uninterrupted service throughout this situation. We are doing everything we can to ensure that stock of the products you're looking for remains available. We will continue to monitor this situation and update you with any developments.

Please contact customer service with any questions or concerns. We appreciate your ongoing loyalty and patronage as we wish everyone health and safety getting through this trying situation together.
